

Chapter Three: Real Estates

My passion for real estate will never end. On one hand, this passion runs in my blood as I inherited it from my father, who in turn inherited it from his father. On the other hand, the real estate trade is a fundamental element in the Kuwaiti economy. It is also a key function of the state taking care of its citizens by providing them with housing. Furthermore, we cannot forget that the most severe financial crisis which hit Kuwait in the 1980s was also connected to the real estate market. When I began writing articles, I had a personal goal of clearing up a lot of the issues which citizen find confusing when dealing with property, whether it's building or trading. I wanted to clearly explain dealing with the government, whether the municipality or the ministries which are concerned with real estates, and I wanted to share my insight on the corruption and narrow thinking which led to our full-
